

You can trust us for ^{many} happy birthdays.

Spencer Foust is turning **ONE** July 29!

Choosing a hospital to deliver your baby is yet another decision you'll have to carefully weigh during your pregnancy. Kelly Foust, a first grade teacher in the community, chose **Clarion Hospital**. Her first delivery (twins) came eight weeks early, so Kelly was concerned when she went into premature labor with Spencer. *"The wonderful doctors and nurses in the maternity department*

were able to stop the labor." Weekly testing at the hospital created a strong relationship between Kelly and the maternity staff. *"We found them to be extremely informative and reassuring."* Spencer was delivered just one day before his scheduled C-section. He was 8 lbs., 2 oz. and was healthy and happy. *"We are convinced that the doctors and nurses at Clarion Hospital saved our son from a premature delivery. We truly appreciate their knowledge, skills, and compassion in giving us this amazing gift."*
